## **MSU Graduate Exit Survey Results**

**August 2014**

**2013 - 2014**

*Office of Institutional Research and Effectiveness*

### **METHODS AND ANALYSIS**

The MSU Graduate Student Exit Survey instrument was developed by an *ad hoc* committee appointed by the Dean of the Graduate School. The committee members reviewed the format and content of the already implemented MSU Undergraduate Exit Survey to design a graduate student exit survey analog. Graduate student exit surveys of other universities were also reviewed. The primary areas of inquiry within the Graduate Student Exit Survey include quality of intellectual environment/experience, quality of instruction (including resources), quality of academic resources and services, and quality of student life services.

After development of the survey, the Information Technology Systems division of Mississippi State University launched the instrument through the MSU portal. Permission was granted by the Mississippi State University Institutional Review Board to require all graduate students to complete the survey before being allowed to apply for graduation. A pilot survey was distributed to a small sample of the graduate students who applied for graduation in summer 2011.

The survey instrument takes approximately ten to fifteen minutes to complete. Upon completion, each student is given the option of allowing his/her responses to be used in or excluded from research endeavors.

## SURVEY RESULTS

This report provides analysis of the 2013 - 2014 graduating students' (1) quality of intellectual environment/experience; (2) quality of instruction (including resources); (3) quality of academic resources and services; and (4) quality of student life services.

During 2013 - 2014, there were 969 students who were awarded a graduate degree and completed the survey. Of those 969 students, 833 gave permission for data results to be disseminated aggregately.

### Demographics

Of the 833 graduates responding to the survey, 70.6% represent White, 9.6% represent Black/African American, and 19.8% represents the other ethnicities. 4.2% of the graduates obtained their MSU degree from the Meridian Campus and 28.7% of the graduates obtained their MSU degree through Academic Outreach. 49% are female and 51% are male. 84.3% are U.S. Citizens and 15.7% are International students. 14% of the students graduated with a Doctoral degree, 2.9% of the students graduated with an Education Specialist degree, and 83.1% of the students graduated with a Master degree.
